ON THE ROAD...AGAIN!

We've just returned home to Dodoma from a week long trip up north visiting 5 Church of God areas to share our vision for the future of TEE (Theological Education by Extension.) We've been so encouraged by how warmly our plans have been received and how eager many pastors are to study.

One of the highlights of the trip was visiting Gelai, a remote Maasai village close to the Kenyan border. What a treat to see so much wildlife as we drove (ostrich, zebra, giraffe, antelope, wildebeest) and to have warm fellowship with our new Maasai friends. They treated us to a common plate of roasted goat meat. It was a little rare for our tastes, but delicious none-the-less! ☺ I think the Maasai invented the Adkin's diet, they eat meat, meat, and more meat!

TIME CRUNCH

As we look at the calendar, we're shocked to realize that we only have about 10 weeks until we leave for our Home Assignment. This is our first time to leave for Home Assignment with plans to return to the same work. This means we have lots to do to make sure things are in place so the work can continue in our absence. Among the many things on our to-do list over the next few weeks are:

- Two major road trips to visit the remaining areas of the Church of God of Tanzania to share our vision for the future of TEE (Theological Education by Extension), and
- Finish training our assistant, Pastor Paulo Sandamu, so that he is able to continue the TEE ministry in our absence.

Please pray for us as we wrap things up in Tanzania and prepare to share with our supporters what God's been doing here.

HOME ASSIGNMENT PLANS

We still have plenty of room on our Home Assignment schedule to visit your church to share about what God is doing through the Dodoma Tailoring School and the TEE ministry. If you'd like for us to speak at your church, please contact Debbie Taylor at the Global Missions office. She can be reached at DTaylor@chog.org or 800-848-2464 ext. 2199. We're looking forward to seeing you!

Are you on Facebook? So are we! Add us to your friends' list to keep up with our daily lives.
